

# PACKAGE PRICING

All packages include personalized style guidance and a custom online gallery for downloading digital images and ordering professional-grade prints. Clients can select their final images for detail editing from a preview gallery, typically delivered within five days of session. Final images are provided within two weeks of selection. If you want all the photos from your session with a basic edit, the high-resolution download is available for \$200. Additional edited photos are \$20/image.
